

weatherproof objects

Funbot exists in the metaverse, experimenting w/ metaverse materials since 2021. Impermanence is the common thread; his Œuvre includes a variety of digital paintings, rooms, sounds, busts & movable weatherproof objects <AR & VR> . Fire extinguishers are ever-present in his exhibitions. His technical mentor, a master of digital magic, works under the pseudonym **Fieser**.

For the #24cryptoart event, a space was created and made available to the public for 24 hours, which artists filled with black and white 3D sculptures. After the event, the space was erased, leaving only image documents. Selected photos of the space were incorporated into this 3D sculpture to commemorate the exhibition.
